

Celebrate Christmas and New Year with Miele

The slight chill in the air, days shrinking and nights getting cosier; winters are here and so is the festive season. The fragrant breeze beckons that it is that time of the year when elaborate brunches, coffee evenings and wine soirees must be planned with friends and family. But this time around we bring to you Miele's exquisite range of appliances to choose from to make your get-togethers much more eased out so that you enjoy more and fret less.

Lay your table with the most sumptuous grilled meat, fish or vegetables prepared on **Miele Barbeque Grill**. The appliance allows you to cook and keep the food warm simultaneously owing to its two separate grill zones with independent controls. The Barbeque Grill will guarantee that you impress your guests with varied palate: use the grill with water & make your food even more succulent whereas when you choose to use lava rock, you will give food the authentic aroma of an outdoor barbeque.

How long were you waiting to get your turkey perfectly soft and salacious at the same time? Think no more this festive season and get home **Miele Single Oven** which will allow you to cook your meaty delights to perfection and bake your tarts, cakes, cookies and breads exactly the way you want. The Miele Single Oven owes its expertise to the innovative technology that has gone beyond imagination to make it a smart machine that lets you choose from the **many automatic options** available and does all the thinking itself. Allow the **wireless food probe** to check the core temperature and set aside your meats, breads cakes and other treats without having to think and open the oven door in between the cooking process!

Team up your brunches and luncheons with the perfect glass of your favourite wine. **Miele's Wine Conditioner** with **State-of-the-Art sommelier set** makes life luxuriously hassle-free. You could keep your wines at different temperatures depending upon the requirement. The inclined plane allows the opened bottles to keep the delicate wine safe from losing its flavour. Complete the perfect soiree with this and have all your guests go gung-ho about it.
